Guidance Notes and Form

You should use this form if you have had, or will have, unexpected or unforeseen delays to your studies which will result in at least one of the following:-

- Prevent you from completing your current unit by the end date;
- Prevent you from completing your current level by the end date.

Short Course students should refer to the Extensions and Deferrals policy, and contact their tutor to apply.

You are responsible for managing your learning throughout your studies, and engaging in line with OCA's Active Study policy. However we do recognise that you may experience circumstances beyond your control which can affect your studies, and in these cases you may decide to make an extension request.

Please ensure that you read the Extensions and Deferrals policy in full before completing this form. This includes examples of evidenced circumstances which may be accepted, and those which are unlikely to be accepted.

All OCA policies and frameworks can be found on our website:-
<https://www.oca.ac.uk/about-us/our-policies/>

Guidance Notes

Before applying, you should read the Extensions and Deferrals policy, taking care to check:-

- Your circumstances meet the criteria for an extension
- What supporting evidence you will need to have or arrange

You may also find it helpful to read through the example form, alongside the application form. Make a note of anything that is unclear to you, or that you might need to ask for help with.

Section 1

This section includes your personal details. If you are unsure of your student number, you can find this on your welcome email. It is also a part of your OCA email address, after your first name.

Section 2

If you are unable to complete your current unit by the given end date, you will be applying for a **unit extension**. If you are unable to complete your level by the given end date, you will be applying for a **level extension**. In some cases you may be applying for both; please do ask for help if you are unsure.

Section 3

The Extensions and Deferrals policy gives information on what is considered grounds for an extension request, and also what is unlikely to be considered. Please select the appropriate option on the list.

Section 4

You should list the period(s) affected here, and the amount of time you have lost due to the grounds for which you are applying.

Section 5

An impact statement will describe the impact the circumstances had on your studies and why this prevented / will prevent you from completing within the allotted timescale.

Section 6

Along with the duration of extension you are requesting, this section should include an indication of how you propose to complete during the extension period e.g. proposed assignment submission dates.

Section 7

List any supporting evidence you are including, so that the clerk and the panel can be sure they have seen everything you intend them to see.

Declaration and signature

Take care to check and agree the declarations before submitting your application. If you are unable to include an electronic signature, please type your name into the field and return the document by email. Using your OCA email account to submit this will act as an electronic signature.
