

Accessibility Statement for 3.3 Pathways to Publication

Mode of study

All of this unit's study materials are available online.

Online materials

Online learning materials set out the unit's content and activities. These comprise of text, images, documents, links to external resources, videos, and online forums. These can be accessed via our Virtual Learning Environment (VLE), [OCA Learn](#).

Visual content

The learning materials for this unit contain some diagrams, illustrations and photographs. We provide descriptions for all visual content.

*This is shared content with all other courses/disciplines.

Library resources

You will be required to access library resources as part of your unit. Any essential reading is provided electronically.

Projects

This unit contains a reflective academic writing activity. This can be submitted as a written document or an audio-visual presentation, depending on student choice.

Tuition strategy

Support is provided by academic staff through tutorials, formative feedback, and group activities. Any tutorials are delivered through online video conferencing with optional captioning and/or recordings. Feedback is provided through written documents or as a tutorial with notes, depending on student choice. Group activities are delivered as asynchronous forum activities and synchronous group discussions through online video conferencing for this unit. Optional captioning and/or recording is available for video conferencing.

Working with Others

This unit encourages you to work with other students through contributing to online group activities, such as joining in regular online sessions, joining in forum discussions.

Assessment

Assessment takes place through a digital writing portfolio uploaded to the VLE.

Study tempo

Students are able to define a part-time study tempo that works for them within the overall timeframe deadline for the unit. Guidance and support on study skills and time management is available online through the OCA Student Handbook on the VLE.
