

# Accessibility Statement for Creative Arts Today (CA4CAT)

## Mode of study

All of this unit's study materials are available online.

## Online materials

Online learning materials set out the unit's content and activities. These comprise of text, images, documents, links to external resources and videos. These can be accessed via our Virtual Learning Environment (VLE), [OCA Learn](#).

## Visual content

The learning materials for this unit contain some diagrams, illustrations, photographs and audio video content (10 minutes in length). We provide descriptions for all visual content and transcripts for videos.

## Library resources

You will be required to access library resources as part of your unit. Any essential reading is provided electronically.

## Projects

This unit contains 5 critical review academic writing activities. These can be submitted digitally as written documents.

## Tuition strategy

Support is provided by academic staff through formative feedback. Tutorials are delivered through online video conferencing with optional captioning and/or recordings. Feedback is provided through written documents or as a tutorial with notes, depending on student choice.

## Working with Others

This unit does not encourage working with others.

## Assessment

Assessment takes place through a digital portfolio uploaded to the VLE.

## Study tempo

Students are able to define a part-time study tempo that works for them within the overall timeframe deadline for the unit. Guidance and support on study skills and time management is available online through the OCA Student Handbook on the VLE.
